

Rig-Free Floor Systems

- Floor-supported systems for sound, lighting and video.
- Same overall lighting coverage as most rigged systems.
- No venue rigging required.
- Perfect for older facilities that lack adequate rigging systems.
- Fast set-up and dismantle time.
- More flexible in terms of in-room location of equipment.
- Many options for set dressing.
- Systems can reach heights of 24'.
- Supports standard and widescreen video formats.
- Quick turnaround for room change-overs.
